Dear Families,

Attached is a checklist of Kindergarten readiness skills that will help support your child's transition into Kindergarten! Please work on these skills to help make the transition to Kindergarten as smooth as possible. Also attached are some activities that you can do with your child throughout the summer to help support mastering some of the readiness skills on the checklist! We look forward to a fun year of learning with your child and a great partnership with you this year!

Sincerely,

The K Team

#### **Practice the letter formations**

You can practice the letter formations at home just like we are practicing them in school.

We call the special lines our **Writing Grid**. The pictures indicate the names of the lines: the sky line, plane line, grass line and worm line (see below).

As your child traces the letter, guide him or her by reading the directions on the enclosed **Letter Formation Guide**.

Say the verbal step-by-step guidelines while your child traces the **lower-case letter** with his or her **finger**. *Try to do the week's letters every night*. Have your child color the pictures as well.

Remember, you are not only sharing a fun experience but you are being the Coach as well, reinforcing some of the things we are doing in school.

For the next 12 weeks, your child will practice writing the letters in **lowercase**. As you may notice, these will not be taught in alphabetical order. This is because we group letters with similar formations.

WEEK	LETTERS	WEEK	LETTERS	WEEK	LETTERS
1	t b f	5	a g	9	lhk
2	n m	6	ds	10	V W
3	iu	7	ст	11	уx
4	СО	8	рj	12	zq

#### **Encourage correct pencil grip**

Be sure your child has the pencil between the index finger and the thumb and then rests it on the other fingers.

When your child writes, both elbows should be on the table and feet should be on the floor, if possible. You can use an old box under the table if the table is too high. Also, have your child hold the paper with the non-writing hand.
